Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 20 December 2006. In the Official Action, the Examiner required further election from claims 6, 7, 9, 11, 13, or 16.

It is apparent from the detailed discussion that the Examiner meant to include in this list claim 15, rather than claim 16.

By this Amendment and Response, Applicant elects claim 6 from this group, additionally withdrawing claims 7, 9, 11, 13, and 15. Thus, claims 1-6, 10, and 16-18 presently remain under consideration.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
